**Unfortunate
Brother And
Sister Buried****ONE OF THE MOST UNUSUAL
CASES EVER RECORDED
IN OTTAWA COUNTY****Helen Winslow, Killed in Auto
Wreck; Brother Leaves Dazed
Committing Suicide**

The curtain has fallen on one of the most unusual cases ever recorded in Ottawa county with the funeral of Miss Helen Winslow, aged 20, who was instantly killed early Sunday morning, in an auto wreck which took place on West Spring Lake drive near the home of the unfortunate girl.

The funeral of the young man, a devoted brother, who left the scene of the accident after tenderly laying his sister at the side of the road, then wandered away in a daze until he reached Milwaukee, where he committed suicide, is taking place this morning at Spring Lake cemetery, where he will be laid beside the grave of his sister who was buried on Tuesday afternoon.

There is no doubt about the identity of the man who jumped from the ninth story of a Milwaukee hotel onto the pavement below, as will be seen in the stories following.

The shipment of the body of the young man for some reason was delayed, possibly because of miscommunication. The heads of the Ringold Funeral Home at Grand Rapids, who were in charge of the shipment, were informed that the body was in the hands of the Ringold Funeral Home at Grand Rapids.

**MISS HELEN WINSLOW**
Who met a tragic death.

Haven stated that the body will arrive early this morning and funeral services will follow shortly after.

At the services of Miss Helen on Tuesday, Frank Fisher, reader in the Grand Haven Christian Science church, read the Christian Science burial services at the funeral home and at the grave. The casket was surrounded with quantities of beautiful flowers sent by friends in sympathy to the parents for the loss of their daughter.

The pallbearers were Leonard Arkema, Orlie Bosman and Dean Owens of Grand Haven; Tom Bennett, Spring Lake; Charles Taylor, Muskegon, and Albert Hammond, Chicago.

In a telephone communication by the Holland City News to Ben Rosema, Ottawa county sheriff, he stated that there was no doubt that the unfortunate man was Winslow and that his information was from the family and from the undertaker that the body would arrive early this morning and the funeral would take place at 11 o'clock at the Spring Lake graveyard.

One of the most tragic deaths and suicide ever to occur in Ottawa county took place late Sunday morning when Arthur Doane Winslow, Jr., aged 26, son of Mr. and Mrs. A. D. Winslow of Spring Lake and his sister, Miss Helen Winslow, 20 years old, figured in an auto wreck which caused the death of the sister and the disappearance of the brother who, it was considered, had been drowned in the lake, but later developments show conclusively that he committed suicide.

The following story as first reported Monday is only partly true while the accident is given correctly, what followed indicated that the young man did not drown himself in Spring Lake but went to Milwaukee and jumped from the tenth story window of a hotel there. The Monday story follows:

The two had been at a dance hall and were apparently returning to their home on the lake, when the driver lost control of the car, near the junction of US-81 and West Spring Lake road, and it turned over several times throwing Helen onto the pavement where she was killed instantly.

The time of the accident is fixed by Jay Bolthouse, living two doors from the intersection, at about 2:15 a. m. Sunday when he heard the crash of the car as it tore down a heavy "stop sign" north of his house, and struck the pavement several times. He said he looked out and saw a car, right side up, off the pavement on the side of the road, a drop of about two or three feet.

He said he distinctly heard a man's voice say "Sis, Sis" and then saw who he believed was a man lighting a cigarette. He said the car lights were turned on and off several times, the lights facing south and within two or three hundred feet of his house.

Accustomed to accidents at that corner, which had frequently not proved serious, he returned to bed and went to sleep. His wife, up with a small child, also established the time of the crash.

Joins Sister in Death**A. DOANE WINSLOW****DIES IN NINE STORY LEAP**

Relating to the dive to death at Milwaukee, a report states as follows:

"Wearing only a pair of trousers, he plunged more than 100 feet from the window of his room, crashing into a canopy above the doors of a Milwaukee hotel's coffee shop on N. Second street. The body bounced off the canopy to the street and he died instantly from a broken neck and other injuries.

The coffee shop was filled with diners at the time and there was much excitement among them and also among persons on the street as well as on Wisconsin avenue, half a block away. Police rushed the body to a hospital and later to the morgue.

"The man registered at the hotel in Milwaukee Sunday evening and gave his name as John Morrison and his home as Watersmeet, where the Winslows have a summer home."

**PROMINENT DIVINE WILL
PREACH AT HOPE**

Dr. Joseph Vance, moderator of the Presbyterian church in America and pastor of the First Presbyterian church of Detroit, will occupy the pulpit of Hope church, Sunday morning at 10:30.

He is an eminent preacher, in fact a nationally known orator.

Dr. Vance will also speak in the amphitheater at Castle Park on Sunday, July 28. At that time Mrs. John E. Telling, outstanding Holland artist, will sing, with Mrs. Hazel Wing Guild, of Chicago, accompanying. The evening services are open to the public.

**MANY SCHOOL CHILDREN
GET THEIR TEETH FIXED**

The children's fund has completed one month's work in Ottawa county. The clinic has been operating in Cooperville from June 24 to July 20. The following is the amount of work done during the first month: Number of children treated, 299; number of extractions, 364; number of fillings, 334.

On Monday, July 22, the clinic began at Beechwood school, Holland township, and will operate until August 17. Dr. F. D. Ostrander is in charge of the clinic, assisted by Mrs. Ann Van Dongen. The entire time which the dentist will spend at Beechwood has been taken up with appointments for school children who were considered at greatest need of dental care.

**HAS SPENT 45 YEARS
IN REFORMED PULPITS**

Rev. Henry Harmeling, pastor of Archer Avenue Reformed church in Chicago, is one of the oldest active pastors in the Reformed synod of Chicago. Mr. Harmeling entered the ministry in 1891 and has rounded out a ministerial career of 46 years, including the pastorate of First Reformed church at Grand Haven. He was one of a class of seven to be graduated from Hope College of Holland in 1888, all entering the ministry. Two others of the class are living, Rev. John Van Westenberg, retired, and Henry Geestings of Holland, who spent less than two years in the ministry and for 43 years has been a member of the force in First State Bank there. —Grand Rapids Press.

A judgment of \$3,199.98 plus interest of 40 cents a day from June 25, 1935, was awarded the Mellon National Bank in circuit court against the Peoples Savings Bank of Grand Haven. Judge Fred T. Miles gave the decision. The amount represents the total of traveler's checks stolen from the county seat bank in the holdup last summer. It is in reality a test case and the bank is fully insured for the total amount and will lose nothing.

Mrs. F. Eby's division of the American Legion auxiliary which was to have held a potluck Friday at the home of Mrs. Chester Ver Meulen, has postponed it because of the serious illness of Mrs. Eby's mother, Mrs. Ralph Tibbs.

The School Circle No. 1 of the Maple Avenue Christian Reformed church held a picnic Wednesday evening at Tunnel Park. Mrs. R. Schoedele was in charge of transportation and Mrs. A. Prince, Mrs. H. Bontekoe, Mrs. P. Voltman and Mrs. G. Kaaschok were in charge of refreshments.

Born to Mr. and Mrs. Mike Seramas, River avenue, on Tuesday, a daughter, Helen Marie; to Mr. and Mrs. Bernard Plakke of Northshore drive on Sunday, a son, Ronald Keith; to Mr. and Mrs. Roy De Weerd, R. 4, on July 19, a daughter, Elaine Grace.

Neal Knuthe of East 21st street underwent an operation at Holland hospital, Tuesday. His condition is favorable.

**Judge Miles
Gives Unusual
Sentence****FORGES ONE CHECK TO
MAKE THE OTHER GOOD**

Albert Knuthe of West Olive was sentenced late yesterday by Judge Miles to three years probation, with the understanding that he reports to probation officer Jack Spangler once a month and pay the costs on installments. He was arrested on a charge of carrying concealed weapons.

Knuthe is so hard of hearing that the judge pronounced the sentence to Mr. Spangler, who in turn informed the information to Knuthe in writing.

"I had the gun in my car and took it out to kill myself because I was in love with a girl and she did not love me," Albert Knuthe, twenty-seven years old, of West Olive, explained in circuit court following his plea of guilty to carrying concealed weapons.

Knuthe was arrested by city police after he had visited the young woman's house and alarmed the family by displaying the weapon, a .38 calibre revolver, Chief Lawrence De Witt reports Knuthe has served six years in Jackson following conviction in Ottawa county circuit court in 1928 on a burglary charge. The case was one of stealing flour from a mill at Holland.

Another unusual case was William McCoud, who was arrested in Grand Haven for forgery. Strange to say, he forged one check on a Grand Haven merchant, then got the "jitters" and forged another check on another local merchant to pay up the first one, who had got wise to the forgery. McCoud couldn't continue to do this when the second merchant also got wise and had him arrested. Everybody in Grand Haven said that McCoud is a very stupid and well behaved man if he leaves liquor alone.

The judge gave him a thorough lecture and placed him on probation for three years with the understanding that he cannot drink beer, whisky or wine during that period. It is understood that if caught drinking one glass of beer, it will mean that the probation officer will surrender him to the court for sentence on the forgery charge.

Judge Miles admonished the man by saying, "They tell me you cannot control your appetite for liquor and that you're coming back here, having broken your pledge. I hope this is not true."

McCoud in a loud voice that could be heard all over the court room said, "I will prove to you, your honor, and the rest of the world, that I am man enough to make good." McCoud is an overseas veteran, was terribly wounded in battle and there is a hole in his chest showing where the bullet penetrated 18 years before.

It is also understood that before McCoud leaves jail, he will have to pay the \$55 on the forged checks. It is understood that a friend will help him out in this.

The judge gave him time to pay the costs of the case, covering the period of a year.

**106 BEAVER DAMS ARE
REMOVED FROM STREAMS**

As part of the beaver-trout management program put into effect early last spring by the Department of Conservation, 106 beaver dams have been removed from trout streams in the vicinity of Onaway, Presque Isle county, since April 22.

The work was done by CCC men from Camp Onaway. Following are the streams and the number of dams removed from each: Onaway creek, 81; Montague creek, 24; Tomahawk creek, 17; Van Etan creek, 12; Canada creek, 9; Rattlesnake creek, 6; Packer creek, 5; East Branch of Black River, 4.

Of the 106 dams removed, only five were "live" dams at which the beaver caused trouble by returning and attempting to rebuild.

Joseph Hill, conservation officer of Pickford, Chippewa county, reported the removal of 212 dams from streams in Mackinac and Chippewa counties. One of the dams, an old structure across the bottoms of Taylor creek, was estimated to be a half-mile in length and seven or eight feet high.

Dams were removed as follows: Taylor creek, 62 dams; Scottie creek, 33 dams; Prentiss Bay creek, 27 dams; Hannah creek, 25 dams; Parker creek, 23; McKay's creek, 22; Munusong river feeders, 20; Flowers creek, 10; Cantlin creek, 6; Steel's creek, 4.

Miss Henrietta and Lillian Volkers and Florence and Frances Volkers of East Saugatuck are camping for a week at Ottawa Beach.

Mr. and Mrs. Alton V. Kooyers returned to Washington, D. C., after a week's visit with his parents, Attorney and Mrs. Wm. Kooyers.

Mrs. A. Nelson Doak and Lester Vander Werf have returned to New York after visiting their parents, Rev. and Mrs. Seth Vander Werf.

W. D. Packler, who is spending some time at the George McAllister farm, R. 1, received word that the train on which his wife was a passenger was derailed near Granger, Colo.

Louis Hoeksma paid a fine of \$3 for running a red light; J. G. Hodge was fined \$5 for speeding; and Mrs. M. Frye also \$5 for speeding.

Application for a permit to build a new back porch at the cost of \$45 has been filed by Vern Fogarty, 112 West Ninth street.

A variation of 37 degrees in temperature between the air and the soil surface buried under four inches of snow was recorded in Montana recently. The air temperature at the time was 19 degrees below zero, and that of the soil protected by its heavy snow blanket was 18 above.

Holland City News Fifty, Twenty-five
and Fifteen Years Ago Today****FIFTY YEARS AGO TODAY**

Why is Ma-ca-ta-wa like a tin vote? Because it is one-half A's. Note: Good for Editor "Bill" Rogers—and for 50 years ago.

Former Mayor John Van Landegent is erecting a fine residence just outside of town to the south-east. Note: The house is just west of the Dutton property on the hill 300 feet south from 18th St., near the fair grounds. At that time a large fruit farm surrounded the place. Mrs. Ben Mulder spent her girlhood days in that home.

The skating rink east of Macatawa Grove on the grove walk is open for those who want to skate in the summer time. Note: Today Grove walk is actually named that way. Then it was a wide plank generally tipped up at the warped end. Now it is concrete. The rink has long since fallen in decay and was torn down.

Late Wednesday Mr. C. J. De Roo of the Standard Roller Mills, his mother, wife and daughter were out for a drive. On the return and as he was helping his family from the carriage at their residence on 8th St., two young men passed on high wheels or bicycles, as they were called. The spirited horses took fright and ran away. Mr. De Roo's little girl was still in the carriage and Mr. De Roo struggled vainly to get the horses under control but failed. As the team arrived at Market St. (now Central Ave.) the horses swung into the street and overturned the vehicle but fortunately the horse broke the whiffletrees and were then loosed from the carriage, this saving father and daughter from a serious injury or possibly death. They received a few bruises but the carriage was badly broken.

Note: Mr. De Roo was mayor of Holland repeatedly, was active on the Board of Public Works, was head of our civic business association of those days and was a prominent business man. He conducted a large flour mill on River Ave. and one of his recreations was to go on the range and shoot clay pigeons and, believe us, he could shoot. There were many tournaments then, lasting days. The range was then on the present baseball park and shooting was over the marsh. Mr. De Roo is now in Flint.

E. A. Stowe and brother has conducted a new publication called the Michigan Tradesman at Grand Rapids. The journal will be published monthly and judging from the first number, it appears will be filled with interesting matter appealing to all manufacturers. It is a 16-page publication and has a very neat typographical appearance. We wish Mr. Stowe and his new paper every success. Note: Brother E. A. Stowe now conducts a weekly magazine size called The Michigan Tradesman which includes a wide scope of information relating to all mercantile business. It is well edited, strong editorially, and is an authority in its field. Whether the Michigan Manufacturer later evolved into The Michigan Tradesman we do not know; anyway, the editor then said the former was a fine effort—we know the latter is a splendid success.

**TWENTY-FIVE YEARS AGO
TODAY**

Benjamin Speet of Laketown and Miss Hattie Vandenberg of Holland were married at the home of the bride's parents.

G. J. C. De Vries, father of Mrs. Dr. Breuker of Graafschap, h. d. his neck broken. He was sitting in his buggy in front of his residence when suddenly attacked by a daisy spell. He fell from the vehicle, striking his head. Dr. Meresen was called from Holland and found him still alive. A week following the News states the man had died after living a week with his neck broken.

Hendrick Bolder of East Saugatuck came to the News to pay his subscription. Seeing the interurban go by the offices he asked where these went. When he was told Macatawa, he said he did not know where that place was. Bolder said he had come from the Netherlands in 1856 and arrived at Grand Haven in a sailing vessel from Buffalo, New York. He said he had lived at East Saugatuck ever since and had brought his produce to Holland weekly but in those 54 years he had never seen Macatawa. When your editor showed him several pictures of this well advertised resort Bolder dug down for 15 cents, hurried to the waiting car, and took a look for himself.

John Vanderlick of Allegan county found under a tree a box below a roof, full of gold and silver, when struck, fell apart and a hatchet was exposed to view which looked like gold or copper. The inscription on the hatchet was "Washington inaugurated president 1787."

The home of Gerrit Raak, North Holland, was burned. He had recently purchased the house, moved it on the farm on a new foundation. Raak lost more than that—he had, the day before, drawn \$150 from the bank to pay for moving and work done. The money was in his Sunday trousers back of a door but he had forgotten about it until it was too late to re-enter the burning structure.

The death of Mrs. Cornelia Dregman, age 81, was reported. She was the mother of Prof. C. J. Dregman, 154 West 14th St. The funeral services were in charge of Rev. Henry Veldman, pastor of the First Reformed church, and Dr. Henry E. Dosker, who is spending his summer here.

FIFTEEN YEARS AGO TODAY
Born, to Mr. and Mrs. Charles Vos, a son, Osborne.

Donald Dangenmond, age 16, of Hamilton, while shooting grouse south of the village at Sink Lake, got a merry scare when he stepped into a nest of "blue racers." He let the shot fly at the snakes rather than at crows and when the smoke lifted he saw three dead ones, some 6 feet long.

James Nelson Westveer, the little son of Mr. and Mrs. Ed Westveer, West 12th St., was the first person to see the Harding-for-President badge. Relatives of the little fellow who visited Chicago, Republican headquarters, brought the badge to Holland during their visit and pinned it on James Nelson.

A half-column story reports the drowning of Peter Riemink, who had gone swimming with Nelson Breen in Black lake near Kule's Point. Riemink stepped in a hole and went down without a struggle, his body being recovered two hours later. Breen thought Riemink had gone to shore as he said he was. But it appeared Riemink ran back in again unnoticed.

**County Again
Has A Relief
Commission****FORMER HOLLAND MAYOR
JAMES DE YOUNG ONE
OF THE COMMISSIONERS**

Governor Fitzgerald at last has approved the appointment by the state emergency relief commission of three new members of the Ottawa county relief board.

The new members are Cornelius Schuurs of Marne, Joseph W. Salton, Grand Haven, and James DeYoung, former mayor and now chairman of the board of public works of Holland.

The Ottawa county relief commission has not functioned for many months. Marvin Lindeman and Oscar Peterson of Holland and Lionel Heap of Grand Haven were the original members but Lindeman resigned in October, 1934, and City Clerk Peterson resigned the following month. Former Mayor Heap was asked to resign by the state emergency relief commission in January of this year. The other two members were not, however.

During the time the county commission did not exist welfare matters were in the hands of the administrator, Miss Deborah Veneklassen of Holland. Miss Veneklassen at that time has done admirable work in this trying position with but modest remuneration.

Since that time a number of efforts have been made to name a commission but on each occasion either the governor or the state relief administrator did not fully agree to the names advanced.

Recently it was reported that the Eaton and DeYoung appointments met with Governor Fitzgerald's approval but that the commission and governor were at odds over the third member, Mr. Haber advancing the name of Dr. S. E. Stickle of Coopersville. Mr. Schuurs was favored by the governor.

It is understood that the Grand Haven city officials are now well satisfied with present arrangements with county relief officials.

Holland officials have been loyal to Miss Veneklassen and the administrator under her supervision. We are sure that Mr. James De Young of Holland will fill that position well—as he has in every other public trust where he was called upon to serve. The other men, we understand are of high order and even Dr. Stickle who was not chosen is highly respected in the community in which he lives.

Knowing Mr. De Young intimately, we can say and Ottawa county can be assured no politics will enter in for with him there is only one direct, economical and honest way. He serves no other way.

**JAIL TERMS GIVEN
FOR BOTTLE THEFTS**

John Schippers, Grand Haven, 52 years old, was sentenced to 30 days in the county jail following his plea of guilty to larceny before Justice Paul H. Behm. The justice sentenced Matt Miesan, 67 years old, to 10 days on the same charge explaining his heavier sentence for Schippers by stating his belief Schippers was the leader of the theft of four cases of empty beer bottles from "The Barn."

**NEW FLOOR COVERINGS
LAID AT COURT HOUSE**

New floor coverings are being laid at the Ottawa county court house, which will conform to the decorations and improvements made to the building last winter. The supervisors room, the ante room and the retiring room of the court room have already been carpeted with a dark green, heavy type weave that is quite luxurious. The padding under the rugs will preserve the new carpet and makes for almost noiseless walking.

The purchase of the carpet was put in charge of the buildings and grounds committee, headed by Phil Roshach.

The building is generally badly worn and before the job is ended it is probable that the entire third floor will have new coverings, including the court and jury room. The jury room especially is bad, there is not a shred of decent carpet left in it. Well, that room is the "rough house" of the building and no wonder the floor got so worn. The carpet has been on the floor for 30 years—not bad, we would think.

Rev. E. H. Brookstra of Rynsburg, The Netherlands, now a guest at the summer cottage of his brother, Rev. M. E. Brookstra of Paterson, N. J., at Central Park, will be the guest preacher at Central Park Reformed church at the afternoon service, Sunday.

Coroner Gilbert Vande Water announced today that no inquest will be held in the death of Mrs. Reka Smegans last Saturday. Mrs. Smegans was hurt last week when she was riding in a car driven by Tunis Evink, which slipped on new tar and left the road.

A regular meeting and outing of the Holland Lions club was held Wednesday evening at the Dutch Tavern near Pine Lodge. A miscellaneous program was given and sports were enjoyed. Delbert Vaupe, Ernest Post and Don Anderson were elected new members.

Camp Gray has been open at Saugatuck for 38 summers. The camp gives an outing to two large groups of mothers and their children and also a large group of boys during the resort season. Religious organizations also find this a popular place and many spend their vacations there. In reality it is a philanthropic venture but Saugatuck is reaping the benefit as a resort feature. The camp is a very attractive place.

The new post office at Zealand will be completed by the required time, December 31. The exterior walls are nearly completed. The ground work is finished and the electrical work is being completed along with the bricklaying.

Ray Bultema, of Holland, and Miss Isabel Brink, of East Saugatuck, have made application for a license to marry.

Wine Drives Beer Truck

Spilling its cargo of 300 cases and several barrels on the highway, a large tractor and trailer, laden with beer, overturned following a collision shortly after arriving near Cuterville, slightly injuring the driver and holding up traffic nearly three hours.

Bound from South Bend, Ind., to Cadillac, the truck capsized when it ran into the rear of a machine driven by John Quigg, a Grand Rapids fireman.

William Wine, driver of the truck, suffered cuts on the hands and bruises of the body. Howard Barrard, his assistant, sleeping in the cab, escaped injury.

About one-third of the cargo, which was shipped by the Berghoff Brewing company, was salvaged, it was estimated by police. The rest, they said, was either broken or stolen by bystanders and disposed of internally. There were plenty of breeze individuals in the crowd who, it appeared, had part of the truck load where it could not be salvaged.

MRS. SMITH ENTERTAINS
FOR MRS. G. J. DIEKEMA

Mrs. Gerrit J. Diekema, former resident of Holland, is arriving in Grand Rapids tomorrow to be the week-end guest of Mrs. William Allen Smith, College avenue, S. E. Since her visit with Mrs. Arthur H. Vandenberg at Lakewood farm, Mrs. Diekema has been the guest of Mr. and Mrs. Willis Diekema, East 12th street, in Holland, on Saturday. Mrs. Smith has invited a few friends to luncheon in Mrs. Diekema's honor. —G. R. Herald.

THE MILES FAMILY TREE

VITALIZED THRU REUNIONS

Tunnel Park recently was the
scene of the Miles family reunion.
Judge Fred T. Miles was the domi-
nant figure at this gathering and
reuniting of the Miles family tree.
There were nearly 100 of the leaves
and branches of the tree present.

The reorganization of this fam-
ily started six years ago with an-
nual reunions and from now on these
anniversaries will take place
alternately between Tunnel Park,
Holland, and Pleasant Lake, Jack-
son county, Mich. Since Tunnel
Park was selected this year, the
Pleasant Lake gathering will be held
in Jackson county in 1936.

The feature of the program was
a talk by Judge Fred T. Miles in
which he traced the history of the
family name from the early Roman
times, when it was "miles" and was
applied to the Roman soldiery. He
also pointed out how the family
name was dominant in the family
and led them to New York, Penn-
sylvania and Michigan to make
new homes by conquering the wil-
derness.

In the middle ages sections of
the old Roman army can be traced
as having gone to England, Hol-
land, France, Italy, Belgium and
many other lands, all bearing the
name "miles" but in no way related
to each other. However the pioneer
strain which sent the Roman sol-
dier to conquer new lands has re-
mained dominant.

("Miles" in Latin is the plural
for a group of soldiers and "miles"
is the singular.)

In America they came in ox-
carts, bringing their families, live
stock, and cherished household
furnishings, and the most walking
most of the way, breaking roads, making
clearings and finally building the
log cabins that were to be their
homes for many years after. Many
interesting items were related of
various ancestors during the day,
—some were soldiers, some adven-
turers, some were professional men,
some farmers and some among the
clergy.

Anyway, this nomadic "miles" or
Miles strain, the Holland City News
might add, was brought closer
home when a Miles family mi-
grated to Michigan. The father and
mother of Judge Miles were pion-
eers on the shores of Lake Michi-
gan near what is now Port Michi-
gon. They came not laden with
wealth of the Roman empire, nor
burdened with an over-abundance
of this world's goods, but they
were filled with the courage to
build for them a home in beautiful
Michigan, one of the brilliant
pearls in the constellation of stars
we call the United States.

This Miles family know of the
first resort boom when a hotel was
built on beautiful Pigeon Lake, ten
years before Dr. Van Raalte came.
They knew all the legendary as-
pects of the then romantic story
of the then social modern life in
an impenetrable wilderness.

In the Miles family many years
later, a son was born. They named
him Fred Thomas Miles. The
family was exceptionally poor. The
young man's urge for knowledge
impelled him to read and study
every book it was possible for him
to get hold of. His fundamental
education was received in a very
crude school house—"the plank
seat and old box stove variety."

But this education was not of
long duration for at 10 he was put
to work on the farm in a clearing
near Port Sheldon in the center of
which was a small log cabin.

At 14, on his birthday anniversary,
April 8, the small cabin went
up in flames and young Fred sal-
vaged a canary bird and some well-
worn silverware, and the Miles

family had to start all over again.
Tilling the farm until 17, he at-
tended preparatory school at Hope
College, spent a summer at Val-
paraiso College, Indiana, and then
devoted himself to correspondence
school study while he taught the
rural school where he was once
a pupil of tender age, all the while
spending his leisure hours and vaca-
tions in studying the law. He fin-
ished his law course through these
schools and was admitted to the
bar of the Michigan Bar Associa-
tion after a rigid examination. He
hung out his shingle on East Eighth
street on the second floor of the
old Venema building which was
a frame structure located about
where Henry Brink's bookstore now
is. It surely was a pitiful looking
office, a three-legged desk with a
two by four supporting the last
quarter, one old fashioned chair
upon which the young attorney sat
and which he gave to the client
while he stood to give legal advice,
constituted the entire office outfit.

Clients were too few to demand
a private annex.
While still in that office, his first
political ambition was to become
justice of the peace, in which he
was successful.
The rest of his career is known
by everyone, he having held the
office of prosecutor in Ottawa
county the longest of any man
who held that office in this county
before or since. His service on
the Holland board of education for
a number of years and his election
to judge of the circuit court of
Ottawa and Allegan counties and
his being re-elected for the second
term of six years last spring, is
also recent history.

Although the Romans of old
largely sought conquest, some of
the Miles who came to America
and blazed the trail in "ox-carts"
followed the peaceful pursuits of
life under trying conditions that
took courage. In this case it meant
difficulty and the eeking out of a
living on a stump farm. A fight
for even a rural education, the
wiping out of a home, a meager
education at our home college and
becoming a student of law by the
correspondence school route, while
making a slender living at teach-
ing, undoubtedly takes Roman
courage, but we believe in this
case it is the courage of the Ameri-
can pioneer.

According to information re-
ceived, the Judge's dissertation on
the Miles lineage was given hearty
applause at the picnic and his gra-
cious welcome to all who gathered
was well received.

It goes without saying that there
was a bountiful repast and all the
innovations that the great outdoors
can give were enjoyed. It was with
reluctance that the gathering of

nearly 100 wended their way home-
ward, saying "Au Revoir" until
the next reunion at Pleasant Lake
in Jackson county in July, next
year.

HAMILTON

A union picnic of the Sunday school class of this week, Thursday at Allegan county park.
The local baseball team dropped both games. In the first they were defeated 6 to 8 by the Pure Oils of Holland, an aggregation which they had easily overcome in the early part of the season. The defeat was the result of inability to hit, being held to six singles. Holland was held to eight hits, but they were able to bunch most of these in two innings for five of their runs. The defense also was wobbly at times. Calahan and Roggen led the locals with two hits each.
Last Monday a nip and tuck battle resulted in favor of the Cook Oils of Zeeland by a 5 to 4 score. Schaele, hurler for the visitors, held the locals to seven hits, while Lugten yielded nine. The score stood at one each until the fifth when Zeeland went ahead with three runs on two hits, an error and hit by a pitched ball. Hamilton, however, tied the score. In the last inning the visitors scored the winning run on a hit, a walk and an error, and stopped a rally by the locals in their half with a quick double play. It was an exciting game, however, until the double killing ended the game. Wallace Kempker and Calahan starred at bat for the locals with two solid hits apiece. There has been a drop in the hitting of the team during the last few games. But they will get out of the slump for it seldom happens that the local sluggers drop below the 200 average, and at present only two are over that mark. There will be a game Friday evening at 6 o'clock.

Sunday School Lesson

July 28, 1935

Amos 7:7-15 Henry Geerlings

The scene of today's lesson is laid in and around Bethel, one of the important cities of the ten tribes to the north, known as the kingdom of Israel. From the day these tribes split from Judah they began to compromise their religion. In the course of time the schools of the prophets, and called him from his fields and flocks on the outskirts of the small village of Tekoa.
God instructs Amos to announce to the people of Israel that three judgments will befall them. The first will be a plague of locusts, which will destroy all hope of a harvest. The second will be a judgment of consuming fire, which will lick up the water supply and devour the land, especially human habitations. The third vision the prophet received was of such a nature as to predict the overthrow of the nation. The vision of the wall and plumb-line was to be the most searching. God would not pass by His people any longer. Their sins would have to be dealt with on the basis of justice. The divine patience was exhausted.
A plumb line is a familiar tool to builders. It consists of a line with a heavy object attached to the end and is used to build walls perfectly straight. The wall in this case is national Israel, who God has chosen and called His own, and entered into covenant agreement with, and provided with material blessings and guided by His presence. There was a time when Israel measured to the standard God had set.
But what are the facts now? Does Israel measure up? Is the nation like a straight wall, or crooked and broken, and if only to be razed to the ground? God's plumb line will determine. It will be laid alongside this wall to determine the moral rectitude or the moral disintegration of the people. Whatever is unable to stand the test of the divine plumb line is

doomed to destruction. Heretofore God has passed by their sins, but He cannot, in justice to Himself, overlook their misdoings any longer.

It is no surprise that the priest Amaziah protested against the first place the prophet Amos. In the first place the prophet was a southerner, and there was no love lost between Israel and Judah. The person of Amos was objectionable. In the second place Amos' words were insulting—to the people they brought sharp judgment. The priest could not take formal action against Amos and so he appealed to the king, laying before him the serious nature of the predictions of the prophet from the south and pleading for speedy action against him. While Amos did not himself organize a movement to attack Bethel and overthrow it, the priest realized that the words of Amos had dynamite in them, and unless steps were taken against him they would foment strife and conspiracy against the throne. While Amaziah did not quote the exact words of Amos he did give the gist of them. It was not to be supposed that he toned them down any. He wished to make the case against the prophet as strong as possible, for in so doing he would turn the king against him and secure his banishment. The prophet Amaziah was such a poor representative of the religion of Jehovah that he would smart under the lashing Amos gave him.
Amos did not say Jeroboam would die by the sword, but he did mean to convey the impression that his house would face disaster. But Amos did say repeatedly that the northern kingdom would be led away, and this came to pass within about 50 years, when the Assyrians came in, taking possession of the land and carrying the people into captivity.
The reply of Amos to Amaziah contains the reason of the prophet's leaving his house and journeying north to proclaim the unchanging message of the true God. He had no idea of going on such a mission. Humanly speaking he was not qualified for it. He had not grown up in the home of a prophet. He had not been trained in any school of the prophets. He was a special messenger of God, taken from among the sheep and sent on this errand to Israel. He went at the command of God. He did not apologize for what he had done and why. He simply traced the authority of it to God, who was able to bring to pass every word he had spoken through Amos.

COMMON COUNCIL

Holland, Mich.,
July 11, 1935.

The Common Council met in special session pursuant to call by the Mayor. Present: Mayor Bosch, Aldermen Vande Lune, Drinkwater, Kalkman, Van Zoeren, De Cook, Steffens, Damsen, Bultman, Huyer, Vogelzang, and the clerk. The Mayor stated that the city engineer had received a letter from the district state engineer for the highway department, enclosing plans specifications for the paving of four blocks on Michigan avenue, from 28th and 32nd streets. The state highway department requests the city's approval on this project and is submitting a form of resolution to be adopted by the city. Plans and specifications for paving of these four blocks on Michigan avenue were approved.
The Mayor further reported that in connection with the resolution approving of the plans as outlined by the state, they requested the city of Holland to pass the necessary resolution establishing a setback line on all future construction fronting on this improvement.

On motion of Alderman Bultman, Resolved that the setback line of any structures hereafter erected fronting on said Michigan avenue, between 28th and 32nd streets, as now provided for in our zoning ordinance, shall be measured and computed from a point that would be the street line of a 100 foot street or right-of-way. Adopted, all voting Aye.

Alderman Kalkman brought up the matter relative to the sign on the southwest corner of Pine avenue and Eighth street, directing traffic to US-31. It was his contention that this sign is not properly worded since it gives strangers the impression that Pine avenue is a trunkline and through-highway. After a brief discussion, and on motion of Alderman Kalkman, the clerk was instructed to recommend to the police and fire board that this sign be removed.
Adjourned.

Oscar Peterson, City Clerk.

The next Post meeting will be held on August 14. The latest information on the state convention at Flint will be discussed.

The following officers were elected at the last meeting: Commander, Dr. G. D. Bos; first vice commander, Harry Kramer; second vice commander, E. P. Slotter; Adjutant, Jack Barendse; finance officer, Andy Rutgers; chaplain, John Post; historian, E. V. Hartman; sergeant-at-arms, Walter Van Meteren.

These officers will be installed some time during the first part of September. No doubt it will be a joint ceremony with Grand Haven, Zeeland, and Coopersville.

The Legion family picnic will be held next Wednesday, July 31, at Tunnel Park. This will be a basket picnic and each family will take its own lunch including food and beverage and dishes. Sports have been provided for young and old. Those desiring transportation are asked to meet at the city hall and cars will be asked to stop and pick up everyone there. that Bothouse went out to see the condition of his lawn, over which the car had passed, when he noticed an automobile in the marsh grass halted by a wire fence. He went to it and discovered Helen face up on the side of the road, apparently lifted to that place following the crash. He notified the sheriff, Ben Rosema, and Coroner Dr. W. B. Bloemendal who were the first to arrive.

Has Disappeared
Doane, as he was known here, has not been seen since. His coat was folded and in the car. A soft detachable collar, size 15, was found at 9:00 a. m. in Spring Lake near Frank Velt's cottage, which was identified by the mother as her son's. Partial foot prints, leading from where the accident took place across the deep marsh grass and around a little creek there, led the officers to believe the young man went into the water and was drowned, although this is not established.

Officers and a posse of men searched the marsh and woods surrounding the place and far up the lake to the residence, about a mile north, believing that he might have been critically injured and had fallen in some out-of-the-way place. Search of the woods back of the home and beyond was continued but no trace of the young man was found.

The shirt collar in the lake, which was found a few hundred feet from where it is thought the young man may have gone into the water, is the only fact which points to a drowning theory.

Mrs. Winslow said late last night that knowing her son and his great devotion to his sister, she is certain that Doane, in a dazed condition and probably fatally injured, had endeavored to find help and had either stumbled into the water or wandered away to parts unknown as he had often done before. She said he was familiar with the short cuts about there.

Mr. Winslow joined the officers who spent two days in dragging for the body which recent developments indicate was not there. He is the county welfare administrator of Mason county with headquarters at Ludington and was spending the week end at his home.

Many Cars in Road
There were many cars driving on West Spring Lake road between 2:00 a. m. and 3:00 a. m. that night as a dance was held at the Spring Lake Yacht club, but not one driver noticed anything which would indicate there had been an accident. Even the driver of a wrecking truck reported he had driven by about 3:00 a. m. and had seen nothing to show what had apparently happened.

A. W. Wright, living at West Spring Lake, said he heard a crash at about 2:00 a. m. and his son, Miss Ossie Figg, Adrian, visiting there, stated she heard a scream. Mr. Wright said he went to the bridge nearby but saw nothing and retired.

The collar was picked up by Adrian Krynse, West Spring Lake, after the officers were already at work dragging the lake. It further confirmed their suspicion that the young man had been drowned.

A blown tire on the car indicates that it was the cause of the accident. Marks off the pavement, where the road leads off from U.S. 31, indicated that the driver failed to make the curve and the car went for several feet on the left hand side cutting into the lawn of the Bothouses property and continuing until it struck the road sign, which was thrown 100 feet north. The car apparently cut onto the pavement again and turned over three times before it slid off the road down the bank and came to rest, right side up, at the wire fence.

Thrown From Car
The officers believe the girl was thrown out of the car and her head hit the pavement. Three fingers on one hand were severed. When the body was found it was lying face upward, and the clothes were apparently somewhat arranged, leading the officers to believe that Doane picked her up and laid her on the side of the road out of the way of the traffic.

In his coat was found his pocketbook containing his drivers' license, and many papers and a hat belonging to A. D. Winslow, who had returned from Ludington for the week end. The family was notified by the officers of what had happened about 6:00 a. m.

Mrs. Winslow said Helen and Doane had gone to a dance hall to dance. She was told by some of the young people who met them that they appeared to be having a delightful time. She said she realized about 2:00 a. m. that they were not home but it was not until Helen and Doane were very devoted to one another and the older brother had always taken fine care of his sister, she said.

Both young people were widely known in Spring Lake and Grand Haven. They came to Spring Lake with their parents about six years ago, when Mr. Winslow established the Kuhnle-Winslow Manufacturing Co. They purchased the home on the lake and have lived there since. Helen attended the local schools and graduated in 1933. Two weeks ago she completed a business course at the Howell Business college in Muskegon.

She was born June 21, 1915, and spent the early part of her life in Wilmette, Ill., where her parents lived for about 20 years. She attended the schools there and has returned frequently to visit friends.

The brother was born Dec. 27, 1908 at St. Joseph, Michigan. He graduated from the Onarga Military Academy at Onarga, Ill., and later attended the University of Washington at Seattle for one year. Last year he attended Michigan State College and was planning to re-enter this fall for his senior year in the forestry department. At Christmas time he was forced to give up his studies on account of ill health.

Worked with Father
He worked with his father for several seasons, at the Poppy Pop Bottling Works on Harbor avenue, Grand Haven, and has been here off and on during the six years his family has lived here, making a wide acquaintance among the young people of the community. The family consisted of the parents, three brothers, William of

San Francisco; Douglas, Glendale, Calif.; and Doane and Helen.

The body of a young man who plunged to his death from the ninth floor of Milwaukee Hotel last night was identified today as that of Arthur Doane Winslow, Jr., of Spring Lake, Mich., missing since Sunday when his sister was killed in the crash of an automobile he was driving.

The youth registered at the hotel here Sunday night as John Morrison of Watersmeet, Mich. He carried no baggage and in his room was found only the clothing he had been wearing and a copy of a Grand Rapids, Mich., newspaper carrying the story of the Winslow accident in which Helen, his 20-year-old sister, was killed.

Investigators found in the youth's pockets the stub of a Pere Marquette steamship line ticket showing he had come by boat to Milwaukee from Ludington, Mich.

Information that the boy had been definitely identified was given out by the Winslow family following a message they received from F. Harold Bennett, a Chicago attorney, friend of the family, who had been sent to Milwaukee yesterday.

The body will be sent to Spring Lake Thursday and private funeral services will be held at the Spring Lake cemetery on Friday at 11:00 a. m.

Word that an unidentified man had committed suicide at Milwaukee was received by Sheriff Rosema early yesterday from Milwaukee. He talked with the officers and the coroner and got a description of the man after which he partially identified him as Winslow.

A scar on his forehead, received about a month ago, the family said, the color of the hair, eyes, shape of the head were features that helped in the identification.

The sheriff learned that the young man had jumped from the ninth story of a Milwaukee hotel, about midnight Tuesday. Winslow had arrived Sunday about 6:00 p. m. following a lake crossing on a ferry, as a receipt of passage was found in his pocket. This tallied with the time when it was thought he had left Ludington, Mich.

The family did not learn until early yesterday that the young man had apparently been found. The attorney in Chicago was sent to Milwaukee. He had known the family and Doane well. There was no one from here who went to Milwaukee.

Interviews Doctor
According to a report from Trooper Freeman of the state police, he contacted Dr. V. W. Jensen at Shelby yesterday and learned that the young man who the doctor treated early Sunday morning, had received a jagged cut on one wrist. This was reported at first as a clean cut which might not have happened in the accident. The doctor was certain that probably glass in the car caused the cut. He said the young man appeared dazed.

Following the report on Monday night that Winslow was possibly alive, county officers took immediate steps to trace his whereabouts and contacted officers at Ludington, Watersmeet and other places on the west shore, where it was believed Winslow might go.

Trooper Freeman also learned that the Nelsons had cared for the young man by putting his arm in a sling and giving him 50 cents for his breakfast. He told them he had been robbed of \$30 in Benton Harbor and had been beaten by some negroes.

A report was received by Sheriff Rosema that a family named Reed had picked up a young man answering to his description at Muskegon Heights at 8:00 a. m. Sunday morning, but as the time did not coincide with the Shelby stories the officers did not follow it up.

The First Reformed Sunday school held their annual picnic on Wednesday evening at Tunnel Park. John Van Tassche was in charge of sports and Ralph Zoel had charge of transportation. The afternoon program will begin at 1:30; sharply at 7:45 the evening program will start.

The following have been engaged as the speakers: In the afternoon, the Rev. Harry A. Dykstra, Christian Reformed missionary to China and home on furlough; and the Rev. Sidney P. Mierema, pastor of the Christian Reformed church at East Saugeauk. Dr. H. Henry Beets, Christian Reformed director of missions, and co-editor with Dr. Seth Vander Werf of the Missionary Monthly; and the Rev. William Goudberg, missionary to the Navaho Indians at Tohatchi, New Mexico, will be the speakers of the evening.

In the evening, Missionary Goudberg will show slides illustrating the mission work that is being done among the Indians, and his young daughter, dressed in Navaho costume, will sing Indian hymns.

Music will be furnished by the orchestra of the North Street Christian Reformed church of Zeeland.

Dr. Albertus Pieters of Western Seminary will have charge of the morning and evening services in the Reformed church, Sunday. Dr. John R. Mulder, also of Western Seminary, will preach at the afternoon service. On the following Sunday another professor at the Seminary, Dr. Nettinga, will conduct both services.

Both of the local pastors are spending their vacations at home. Rev. Fyfe's takes place the last week in July and the first week in August, while Rev. Vande Riet has taken his during the last two weeks in July.

Rev. Edward Boeve, pastor of the Kelloggville Christian Reformed church, and a native of this vicinity, occupied the local pulpit last Sunday. Next Sunday the services will be conducted by Candidate Henry Stob, a recent graduate of Calvin Seminary.

Mr. Joseph Schipper led the prayer meeting in the Reformed church last Sunday evening, speaking on "The Christian Family" as viewed from the light of the sixth chapter of Paul's Epistle to the Ephesians, verses one to four inclusive.

Miss Jennie Pieters, recent Reformed missionary to Japan, spoke at the Tuesday evening meeting of the young people's Christian Endeavor society of the local Reformed church.

Miss Alyce Vande Riet introduced the topic for discussion, "Rulers and Ruled," taken out of First Thessalonians, at the meeting of the young people's society of the Christian Reformed church, last Sunday evening.

On Thursday afternoon and evening, the members and associate members of the Christian Reformed young ladies' mission guild, together with their husbands and friends, held a picnic and wieners roast. This took place at Overisel Grove. A very nice time was experienced by all who were present.

A double shower was given last Friday afternoon at the home of Mr. and Mrs. John Plasmann. The guests of honor were Mrs. Gerald Plasmann and Miss La Mila Jean Brink, whose marriage to the Rev. Dick Elzinga, pastor of the Reformed church at Peoria, Ill., is a coming event.

Those who presented this shower were the female members of the Reformed church choir, and members of Mrs. Harry Lampen's Sunday school class.

Games were played, a potluck supper was served, and a very enjoyable time was had. Many beautiful gifts were presented the bride and the bride-to-be.

The following young ladies honored them with their presence (and presents): Ruth Albers, Florence Schipper, Myrtle Peters, Goldie Koops, Mrs. Jay Rigtterink, Mrs. Gordon Top, Lois Kronmeyer, Maggie Lampen, Mae Lampen, Mrs. William Pyle, Mrs. Harry Lampen, Angeline Lampen, Mrs. Oscar Oldebeeking, Mrs. Raymond Busscher, Janet Kollen, Mrs. Harold Kronmeyer, Clarice Gunne-man, Mrs. John Plasmann, Ruth Folkert, Viola Folkert, Evelyn Folkert, Cynthia Schipper, and Mamie Plasmann.

Ruth and Viola Folkert, Ruth Veen, Ruth Hazekamp, Johanna Essink, and Florence Vande Riet attended the picnic of the Hamilton Farm Bureau employees, which was held at 7:30 Beach on Tuesday evening.

Mr. Zachary Veldhuis and family of Detroit, are at present visiting relatives and friends in this vicinity.

Mr. and Mrs. Sander Schipper of Kalamazoo spent the week-end at the home of his mother, Mrs. James Schipper, of this village.

Louis Ramaker, who is a mem-

ber of the National Guard, has departed for a two weeks stay at Camp Custer.

Miss Florence Schipper attended the picnic of the Christian Endeavor society of Ebenezer Reformed church, held at Tunnel Park on Tuesday evening.

The Misses Ann Lampen, Mamie Plasmann, Mythele Voorhorst, Ruth Albers, and Hazel Lampen are spending a few days at Ottawa Beach.

Mrs. Francis Voorhorst and children, Mythele and Vivian, are at home again after spending a few days at the home of her sister, Mrs. Henry Brower, of Hamilton.

The final meeting of all the fourth of July committees was held Monday evening in the community hall. Mr. James Kleinhekel will succeed Mr. Gerrit J. Lampen as

general chairman for next year's celebration. Mr. Henry Rigtterink will remain as secretary, and Mr. Bert Tellman will be Mr. John J. Albers' successor as treasurer. The financial report was read, and everyone was pleased to hear that the past celebration was quite a profitable one. Refreshments, donated by the Westford Ice Cream company of Holland, were served to all who had partaken of committee work.

The Messrs. Henry Klumper, Hendrikus Nyhof, and Henry Wolters have all suffered injuries about their ribs as a result of falling while haying.

If next year's hay crop turns out to be bigger than that of this year this is likely to be a ribless community if we don't watch our step.

Holland Family Re-
turned to China Monday

The Holleman family are now well on their way to China, a sailing trip of seventeen days. Many farewells were given in their honor here and elsewhere, the last one being in Zeeland.

The parsonage of the Second Reformed Church, Zeeland, was the scene of an interesting gathering when the Rev. and Mrs. Richard J. Vanden Berg held open house. Many friends and members of the church enjoyed this social evening honoring the Holleman family.

Dr. and Mrs. Holleman have been missionaries for the Reformed Church in China for the past 15 years. They spent the past winter in Princeton, New Jersey, where Dr. Holleman took up special medical work and their children, Robert and Eleanor, attended school. They have spoken at many gatherings during their furlough and it was especially thrilling to hear of Dr. Holleman's experiences when captured by a band of Communists and held captive for a month.

They left Zeeland Monday and after visiting friends and relatives in Chicago, Illinois, and North Dakota and Montana they will journey on to Seattle where they will sail direct for Shanghai, China. Their ocean trip will take seventeen days. Their son will attend the missionary school at Shanghai where he was in attendance before their furlough and the rest of the family will go on to Amoy, China.

Arnold Mulder, prominent Kalamazoo college instructor, recently purchased a cottage at Maple Beach. Prof. Mulder is widely known for his travel novels, and if any place can afford an inspiration to him, good old Lake Michigan can. Mr. Mulder was at one time writer for the News and editor of the Holland Sentinel.

BEAR IS TAKEN IN CANYON WITH BEAR TRAP TO ITS LEGS; TWO OTHER HOLLANDERS ON SOME OF THESE HUNTING TRIPS

Grizzly Rug at Gerrit Van Anrooy Home on Pine Ave.; Head, Teeth and All Are Proof of the Pudding—Or Rather the Bear Story

Here is an interesting story of a Holland boy who is an expert hunter. He is Floyd Van Anrooy and now lives in Evanston, Ill., where he is connected with The Utilities Co. He is the son of Mr. and Mrs. Gerrit Van Anrooy, 372 Pine Ave., the father being on the A. & P. staff. John F. Van Anrooy, once register of deeds, is his uncle and Abraham Van Anrooy in Laketon is also an uncle.

Now that we have the family tree all arranged we will let the Evanston Daily News-Index tell the story in pictures and descriptive matter except a few local features at the end of this story:

(Evanston Daily News-Index) As blood-chilling a story as has ever been told by Frank Buck, Carver Wells, or the Martin Johnsons was brought back to Evanston last Sunday night with the return of Floyd Van Anrooy to his home at 618 Church St., from a three-weeks' big game hunting trip in the wilds of the state of Chihuahua, Mexico. The expedition visited ancient adobe huts high in the mountains and brought back relics said to be 1,000 years old. But there was even more adventure awaiting the Evanstonian.

Mr. Van Anrooy is a local outdoorsman whose hunting and camping trips have covered the United States as well as portions of Canada and northern Mexico. This time, however, he came back to the North Shore with a tale that seems almost incredible—but it is true.

Last fall he visited the wild Sierra Madre mountain territory with a hunting party, all of whom were there for one purpose: to bag one of the grizzly bears that are rarely seen and even more rarely killed. As before, no member of the party was successful. Other game was more than plentiful but the elusive grizzly appeared to be a mere legend.

He Returns

Yet, something tempted Mr. Van Anrooy to return to the reported habitat of the jungle killer nearly this month. It might be well to add here that, of all wild life in the world the grizzly under the heading of "killer," there is none so deadly or ferocious as the grizzly bear. A wounded grizzly (The Mexican species usually weighs anywhere from 300 to 700 pounds, although a 1,000-pound giant has been reported) is given wide berth by wise hunters.

So, two weeks ago Mr. Van Anrooy was in the Sierra del Nido range, one of the Mexican bandit, Pancho Villa's favorite hide-aways, and at least one hard day's hard riding back to the nearest human. All members of his party had returned to their base. Mr. Van Anrooy was determined, however, and pushed on deeper into the mountains, accompanied only by his guide. When they reached what appeared to be ideal grizzly country they set several huge steel traps beside water holes and carcasses of game which appeared to have died a sudden death at the massive sweeping paw of one of the great bears. Dogs were useless in the dry, dusty country, for the bear scent would blow away almost immediately. Dogs can follow the trail only across moist ground, over which the scent can linger.

Visit Trap Lines
Two days later they had visited their trap lines for the fourth time and found the bait untouched. On the third day they again were making the rounds when they found one of the traps gone; dragged away.

Grizzly! The signs were unmistakable. The ground around where the trap had been anchored to a 5-foot log was torn up violently where the pain-angry beast had attempted to rid itself of its enemy. Mr. Van Anrooy and his guide followed the trail of the dragging log easily. The tracks led over the mountains and down into a wide, deep canyon covered by the most impenetrable undergrowth. They dismounted and fought their way into the canyon.

Their quarry was there. Growls and roars echoed through the entire canyon as the trapped killer attempted to bite through the steel trap clamped to its legs. The danger was imminent, for the bear was uncomfortably close but invisible because of the dense undergrowth and boulders. Suddenly, not 100 yards ahead of the two men, there was a terrific roar that "almost shook the mountains on both sides of the canyon" and a 600-pound grizzly bear reared up on its hind legs and charged them. Mr. Van Anrooy had left his high-powered rifle behind for, he said, later, one fatal shot from that gun would have ruined the valuable and coveted grizzly hide.

Carried Only a .22

Consequently, Mr. Van Anrooy was armed with—a .22 caliber pistol. Yanking the small gun from its holster he took steady aim. The charging animal bore down on them—trap, log, and all—like a hurricane. Mr. Van Anrooy slowly squeezed the trigger of the pistol, which ordinarily would be used for nothing bigger than a rabbit.

Crack! The bullet glanced off the bear's nose and enraged it even more. Crack! The second shot was well aimed. It hit the bear just above the left eye and pierced the brain. The biggest, most ferocious grizzly that had been seen in that region for years dropped dead 20 feet from the two awe-stricken and desperate hunters.

To kill a grizzly at such close

Impossible Shot—Almost!

FIVE HUNDRED POUNDS of ferocious death-dealing grizzly bear falls dead 20 ft. from Floyd Van Anrooy of Evanston with a .22 caliber bullet in its brain! The lower picture, indistinct because it was enlarged from a strip of tiny 16 millimeter motion picture film, shows the actual killing. The left arrow points to the bear, the other to the small pistol in Mr. Van Anrooy's hands. The upper photograph was taken after the hair raising incident and shows the Evanston hunter with his prize. The rifle he is holding is a high-powered gun which ordinarily would be used to hunt grizzlies.

quarters is sufficient material for an excellent hunting tale but to do it with a popgun-like .22 caliber pistol would bring a loud chorus of snickers from seasoned sportsmen. Yet, Floyd Van Anrooy did it. Be careful, local skeptics. Before you place your tongue in your cheek it might be well to tell you that, while Mr. Van Anrooy was taking careful aim, his guide had unlimbered a motion picture camera and photographed the entire astonishing kill!

It is interesting to note, the

FORMER HOLLAND
MAN IS HONORED

Rev. Raymond B. Drukker, pastor of Trinity Reformed church, Grand Rapids, who calls Holland his birth place and who is to become secretary of the board of education of the Reformed Church in America, was honored at a luncheon at the Y.M.C.A. Monday noon by about 35 officers and associates of Dr. Drukker in various civic and church groups.

Major William Timmers of Grand Rapids, speaking in appreciation of Dr. Drukker's civic service, commended him for the state and local campaign against walk-thons, in which Dr. Drukker, president of the Ministerial association, was very active.

Dr. Henry Beets, mission secretary of the Christian Reformed church, said that to his mind Dr. Drukker was the one candidate in the Reformed church who could most logically be chosen for the secretaryship, as he will have leadership of young people's work. Dr. John A. Dykstra, pastor of Central Reformed church, spoke on behalf of the Reformed churches and Dr. Edward Masselink of Burton Heights Reformed church on behalf of Christian Reformed churches. There were at least a half dozen other speakers.

Dr. Drukker leaves about the middle of August. He will preach his farewell sermon at Trinity Reformed church Aug. 11.

Mr. Drukker has been a strong factor in recreational features at Pine Lodge when it was still being operated.

FIRST OVERISEL SCHOOL WAS BUILT IN 1860—HAS INTERESTING HISTORY

The Koopman school reunion of district number 3, Overisel, was held at Overisel community park on Thursday, July 18, in honor of Mr. J. H. Koopman who faithfully served on the board of education for many years. This festive occasion was somewhat similar to the regular fourth of July celebration. There were over 500 in attendance. At noon the people had a basket dinner in the grove at long tables richly laden with the best that nature produces. Rev. Arthur Maatman of Grand Rapids, who was president of the day, presided at the program which was given after dinner. The audience sang "What a Friend We Have in Jesus."

After telling many humorous incidents of the good old school days, Rev. Maatman introduced former teachers who responded as their names were called. The following teachers were present: Mr. and Mrs. Levi Kroepcot, Dr. J. O. Scott, Mrs. Gerrit Vos, Mrs. Henry Nienhuis, Mrs. Henry VandenBerg, Mrs. James Koopman, Mrs. Bert Vander Kolk, Mrs. Ernest Lankheest, Mrs. E. Schuur, Mrs. Raymond Bussecher, Mr. Charles Veldhuis, Mr. John Nienhuis, Mr. Clarence Vander Kolk, Mr. B. J. Fynever, Mr. Troy Clason.

Since 1860 50 teachers have served the community. Rev. Harvey Hoffman read the "History of Koopman School" which was composed by George Peters. The first school was built in 1860. Seats were arranged along the walls with the older boys and girls facing each other. Seats for the younger children were in the center of the room. There was a large stove at the east end of the building. They used pieces of wood for fuel which were three feet long.

The first school was located near Kroeze's corner. Members of the first school board were: Henry Brouwers, director; Henry Kok, moderator; Gerrit Peters, assessor. The teacher's salary was \$3 per week and board. The school commissioner conducted the examinations in the presence of the school director. If the director appointed a teacher for a teaching position he would always assure her that she would successfully pass the teachers' examinations. Two dollars per pupil was raised for the support of the school. Twenty cents per pupil was raised for a library fund.

In 1872 a new school building was built. The old one remained on the premises for a woodshed. In 1894 the school building was moved to the P. J. Koopman corner or the present location of the school. In 1909 (100 years after the birth of Lincoln) a modern two room school was built with a fine basement. The old school house is used today by Will Slotman as a farmhouse. The cost of the new building was \$3,000. The people of the district showed their school and community spirit by donating much time and labor in the erection of the present school building, otherwise the cost would have been close to \$10,000. Martin Albers and Bertha Peters were the first teachers in this school. The pupils could now receive more individual attention. In the early history of the one room school there were as many as 84 pupils in attendance, which gave the teacher too heavy a load to do satisfactory work.

The report of superintendent of public instruction, Fred L. Keeler, 1913-1914, contained a picture of Koopman Standard school as a model school. This was a signal honor to district number 3, Overisel. Overisel township was the first township in Allegan county to have two room schools in all the districts. This school is the progressive spirit of the Holland people. In 1913 the present school became the first "Standard School" in Overisel township. Mr. Ottwell, assistant superintendent of public instruction, rated it as one of the best two room schools in the state of Michigan. The board of education in 1913 consisted of the following members: J. H. Koopman, director; Ed Gunne- man, moderator; Mannes Nyhuis, treasurer.

School sessions in the morning have always been opened with prayer and scripture reading. Mr. Z. Albers, superintendent of schools, New Providence, Ia., gave a report on "The Dedication of the School in 1909."

Superintendent Troy Clawson of Hartland, Mich., was present. His singing chorus of Koopman school pupils entertained the audience with several songs. Mr. Charles Veldhuis, superintendent of schools, Coopersville, Mich., gave an interesting talk on the Progress in Education. Mr. Albert Foeslacker entertained the people with some of his own witty stories.

The program was followed by sports and games. All people who were present will remember it as a gala and glorious day in the history of Koopman school. Within the last few years Koopman school has been renamed Beechwood school.

The present board members are: George Huizen, director; Silas Barkel, moderator; George Koopman, treasurer.

Teachers of Koopman school district number 3 since 1860: Henry Krommeyer, Mary Green, Miss Jewett, Mr. Borgers, Emma Stephens, Ellen Pollen, Rev. Grand Haven Boy Weds Holland Girl

(Grand Haven Tribune)

Charming simplicity marked the wedding of Miss Marjorie Jappenga, daughter of Mr. and Mrs. John Jappenga of Holland, and Gerrit Wierink, son of Mr. and Mrs. John Wierink of Grand Haven, which took place at the home of the bride's parents at 5 o'clock Friday afternoon, with Rev. N. Monsma officiating.

A single ring ceremony was performed before an improvised altar of palms, ferns, regal lilies, and mixed flowers, which was witnessed by members of the immediate families and a few intimate friends.

Mrs. B. Arendsen, a friend of the bride, played "Lohengrin's Wedding March" as the processional. Fred Jappenga, brother of the bride, sang "O Promise Me" and "Until."

The bride wore a gown of white satin fashioned on princess lines.

She carried a shower bouquet of white roses, swainsons, and sweet peas.

Miss Frances Jappenga was her sister's only attendant. She wore a pink chiffon organdy dress. James Wierink, brother of the groom, was best man.

After a short wedding trip, the couple will spend a week on Kettle Lake in Northern Michigan with Mr. and Mrs. Henry Van Ry.

The bride wore a white knit sport dress with blue accessories for her traveling outfit.

After August 1 Mr. and Mrs. Wierink will be at home to their friends at 914 Fulton St., Grand Haven.

Miss Jappenga is a graduate of Holland High school and for the past five years has been employed by the Holland Furnace company.

Mr. Wierink is a graduate from Grand Haven High school and Hope College. He was active in sports both in high school and in college. At the present time he is employed by the Bastian-Blessing company.

Just Think of It—Rakes Up Old "Bike" Law

Our neighbor, South Haven, has turned its calendar back approximately 40 years and the city fathers have put their heads together to work out means of controlling "scorchers."

The "scorchers," a product of the 1890's, was an individual who sped about on a bicycle, occasionally frightening horses and elderly women. The twentieth century version of the "scorchers" more frequently is a personable young woman in shorts and a bicycle's speed these days doesn't measure up any too favorably with the automobile.

Nevertheless, the South Haven city council is considerably concerned about the bicycle situation. A recent survey revealed that more than 250 bicycles are in operation in that resort community and the city council decided something ought to be done about it.

G. Carroll Ross, city clerk of South Haven, arose to the occasion. He went back into the archives and dug out an old city ordinance which required the licensing of bicycles. This law, passed in 1906 and never repealed, has been dusted off and brought into force. Thirty-five bicycle licenses have been sold since July 1.

The ordinance of 1906 stipulated that "no person shall ride a bicycle, tri-cycle or velocipede without obtaining from the city clerk a license and paying \$1 for the same. New license tags must be obtained annually. The style and shape of the tags shall change each year. The license must be securely fastened upon the front fork of the wheel. No rider shall ride faster than eight miles an hour. On approaching a pedestrian either from the front or rear, the rider shall dismount not closer than 15 feet from him or her. Licensed riders shall report any violations of this ordinance to the proper officials. Violators of this ordinance shall be guilty of a misdemeanor and punishable by a fine of not to exceed \$10 or by imprisonment in the county jail."

Second Big Officer of Cutter Leaves

The coast guard cutter Escanaba touched port here for about a half hour to allow Lieut. M. T. Braswell to leave the ship as he goes to his new assignment at Honolulu. Lieut. R. J. Barrow from the Nojawa, Boston, is expected to arrive in a few days to take Lieut. Braswell's place.

The cutter put out for Chicago where she will patrol the course for the Chicago-Mackinaw sailing races. She expects to return at her post in Grand Haven the latter part of this week. This is the second "high up officer" to leave. Commander Perkins some time ago left for a Florida post. An attempt was then made to banquet him with all preparations made when he and his ship were ordered out on duty. After his return they did fete him just before leaving with Mrs. Perkins for the south. Both have many friends in Holland.

DON'TS ON VACATION PESTS

Soothe, don't scratch, the bites and stings which are an almost inevitable "fly in the vacation ointment."

Poison ivy, nettles, thorns and thistles can be avoided with ordinary precaution. Hungry insects, pests you have unintentionally antagonized perhaps by your presence alone, are inescapable.

Remedies, for the most part, are simple. For bee or mosquito bites, an alkaline treatment is required. A wet cloth, soaked in a solution of baking soda or ammonia, will do more to relieve the sting or itching than anything else.

The poison from a wasp or hornet is alkaline and an acid counter-irritant is required. Vinegar or lemon juice are convenient and effective remedies.

When stung by a bee, the tip of a penknife should be used to remove the bayonet which the bee usually leaves in the flesh of its victim. Pulling the stinger out with tweezers or the finger nails often squeezes more poison out of the poison sac into the irritated flesh.

For more serious bites, such as poisonous snakes or black widow spiders, a physician should be immediately called. These bites are improbable, as the poisonous pests are rare and your opportunity for avoiding them favorable. Should such a bite occur, lie still as possible, refrain absolutely from drinking alcohol in any form, and in case of snake bites, get as much of the poison out as possible by sucking the wound and cutting the tissues around it to permit bleeding.

Never suck a snake bite if there are any raw or sore spots in your mouth, or the poison will only be transferred.

Physicians successfully treat black widow spider poisoning by hypodermic injection of an antidote.

Mrs. F. Veltman has as her guests, her daughter, Mrs. V. W. Green and son Robert, of Detroit.

Cottagers Will Not Have Oval Enlarged

Summer cottage owners at Highland Park, Grand Haven, and even on that portion of the resort included in the city limits, are vigorously protesting the proposal to extend the Grand Haven State Park parking area a distance south toward the resort beach. They claim property values will be cut and the identity of Highland Park as a high class resort will be destroyed.

The extension is connected with renewal of the Highland Park lease, a subject now before the city council. It is understood the new lease is being drawn and at a recent meeting, Judge Leonard Vander of Grand Rapids, a trustee of the association, said beach area where the added park development is proposed, was not included in it.

Highland Park association members claim extension of the state park will bring in people not in accord with those who have developed the resort over a period of years. They also say it would rob the resort of a valuable strip of bathing beach which should be for use of cottage owners.

Holland is not confronted with such a problem. There is plenty of room to extend the oval both east and north without harming any neighbors and what a bathing beach—perfect and safe for youngsters because of the graduated slope into Lake Michigan.

MARTIN, ALLEGAN COUNTY, WANTS SCHOOL

Among proposals made for various projects co-operative between the different cities and villages of the county and the federal government through the new WPA is that offered by school district No. 1 of Martin for a gymnasium and assembly room addition to the present Martin High school. The proposed addition would cost in the neighborhood of \$20,000. It is expected that word will be received soon as to whether the grant will be made.

OTTAWA COUNTY NEWS

Taxpayers and residents in the vicinity of the Pine Creek school today were signing a petition requesting the county board of road commissioners to make improvements to the road, commonly called the old Grand Haven road, from the township line to U.S.-31. At a meeting Monday at the school, a committee composed of Oscar Cramer, William Rauch and A. R. Swenson was named. Residents contend that the road has been in poor condition for years and that it is one of the main roads to Port Sheldon. They claim that the road gets considerable use from automobile demonstrators who desire to demonstrate easy riding qualities over rough roads.

Wednesday evening, July 17, the children and grandchildren of Mr. and Mrs. Simon Boss, Sr., gathered at their home in Vriesland and surprised them by presenting them with a beautiful Kelvinator electric refrigerator for their 50th wedding anniversary which occurs July 31. Those presenting the gift were: The Simon Boss, Jr., family; Mr. and Mrs. Henry Boss and family; Mr. and Mrs. George Boss and family; Mr. and Mrs. Gerrit Boss and family; Mr. and Mrs. Abel Sytasma and family.

Mr. and Mrs. Lambert De Witt are rejoicing over the birth of their first grandson. A son was born to Mr. and Mrs. Marvin Berends at Bentheim. Mrs. Berends was Miss Henrietta De Witt before her marriage.

Arrangements have been made to hold a school reunion of the Hawthorn school or what was called the Vredevelde school, and of the East Drenthe school.

Rev. and Mrs. Henry Vruwink of Albany, New York, called on relatives and friends at Forest Grove during their brief stay. They left here for The Thousand Islands in the St. Lawrence river for their summer vacation. Their young folks, Ruth, Jack and Lois Vruwink, are already there. Rev. Vruwink is a graduate from Hope college.

ALLEGAN COUNTY NEWS

An aerial act, claimed to be the highest in the world, is to be one of the outstanding features of the 1935 Allegan fair it was announced this week. The Stratosphere Man performs upon a steel pole 130 feet in the air, a height so great that in spite of the pole being of steel, it sways as much as ten feet at the top. A truly death-defying act, this will prove a fascinating spectacle for those who wish their entertainment to provide plenty of thrills.

Mr. and Mrs. Ganschow and family have moved to the old Kanera house at Gibson.

The Ladies' Aid of the Congregational church of Saugatuck will hold their annual bazaar and

baked goods sale on Saturday, July 27.

A canvass in connection with the FHA similar to the one conducted in Allegan a few weeks ago is under way in other cities and villages of the county. The work is being done under direction of local chairmen appointed by the FHA with the labor being furnished by the works division of the ERA. The program is well under way in Wayland, Plainwell, Otsego, Hopkins, Fennville, Saugatuck and Hamilton. The canvass is conducted for the purpose of encouraging home-owners to look over their property with a view to making necessary and desirable improvements and repairs on their property, financing them if necessary, and if they can meet requirements set forth, with federal loans.

The Kasbohm family has moved to the Gibson store.

Allegan's city second requisition of \$100,000 as a part of the PWA loan obtained to finance the municipal hydro-electric project was placed to the city's credit in the Federal Reserve Bank of Chicago July 11, according to word received July 12 by Leo W. Hoffman, special city attorney for the project. The first payment was made in April of this year when work on the project was resumed after a long delay caused by court litigation.

A troop of 30 Boy Scouts from Chicago are camping for a week in the vicinity of Gibson. They surely had a great time.

Funeral services were held Monday afternoon at 2:00 at the home, Prof. Egbert Winter of Holland officiating. Burial was in Riverside cemetery.

Processing the sour cherry crop is now the work at the Fennville canning factory, but the crop will be cut short by the shot hole fungus which has defoliated so many of the trees. The loss of the leaves prevents the fruit from storing up the sugar, making it unfit for use.

The wild huckleberry crop is large and extra fine this year and many pickers have come from some distance to upper Allegan county.

The annual picnic of the Pioneer school district, No. 1, Laketown, was held Wednesday at Zeeland City park. The following officers were re-elected: President, G. H. Havel; vice president, Mrs. John Spyker; secretary and treasurer, George Klomprens; sport, Benjamin Lugers; program, John Lambers.

IS IT WORTH 3c A MEAL TO COOK IN A COOL KITCHEN?

It doesn't cost a cent more—USUALLY LESS—to cook in a cool kitchen. Assuming yours is an average family, you can operate an electric range for not more than 3c a meal. In many homes it is even less than 2c a meal. You are probably paying that much—or more—for cooking in a super-heated, unbearably hot kitchen without any of the advantages of electric cookery.

PUT A STOP TO KITCHEN HEAT AND DRUDGERY WITH HOLLAND'S CHEAP ELECTRICITY

Without adding to the cost of your cooking (most likely you'll save money) you can enjoy a kitchen as cool as any other room in the home. You can use the cleanest fuel on earth—without any soot to discolor walls or curtains, no flames to blacken your pots and pans, no fumes to contaminate the air you breathe. And you can cook tastier and healthier meals, with ease and accuracy.

Elsewhere people are not so fortunate; they get only half as much electricity for their dollar as you do. In over 300 Holland homes they have discovered to their delight that cooking better meals in a cool, clean kitchen is one of the thriftiest ways of profiting from Holland's cheap electricity.

Why don't you look into this matter—RIGHT NOW? You'll be surprised how liberal the terms have been made so that you can have your new Electric Range without delay.

Free Publicity of Tulip Time Continues

How far-reaching the publicity of Holland's Tulip Festival is, is difficult to conjecture. There is scarcely a publication, large or small, where our unique celebration in Holland has not been chronicled.

After the first release of the pictures throughout the United States, stacks of postal cards came in to the Holland City News from former Holland citizens, from the Atlantic to the Pacific, cheerful over the fact that they saw the Klompen Brigade on the streets that were at one time so familiar to them.

Clippings from newspapers, sent in by friends, filled wastebaskets. And now the advertisers are doing their share.

The Greyhound Bus Co., in a full page advertisement in the Saturday Evening Post, prints a map of the entire United States and in colored pictures portrays the special attractions in these states.

For instance, New York, Niagara Falls, play an important part together with New York's manufacturing. At Washington, Washington's monument is displayed. The Indians of the Pueblos, the cotton industry of the South, the national parks of the West, the automobile industry of Michigan are all pictured. However, last but not least, a Dutch windmill and a tulip girl cover Western Michigan and the index indicates first — Holland, Netherlands, and then Holland, Michigan — tulips.

The Greyhound wishes to convey the fact that you should see America first and that through this map they show that the same things can be seen in America, only on a much larger scale than in the showplaces of Europe. The comparisons are made in the colored announcement.

Another publicity stunt put on by the Kroger Food Stores of Western Michigan is a map of the entire State and the resort attractions, also in colors. It shows where the best fishing and bathing is, it shows where cherries or peaches grow, where deer abound, where the Indian still holds his pow-wow, clear up North, where the State Parks are. It especially emphasizes, with a large bunch of tulips, that Holland is the tulip city, and little chicks at Holland and Zealand, indicating that this is the center for the raising of baby chicks and an outlet for fine, fresh eggs.

The map of Michigan with all its national and state trunk lines, tourist camps, and convenient tourist information is found in this holiday picnic and summer-touring map.

The advertising features indicate that cities marked in red are the towns where these food stores have been established.

Anyway, whether for advertising purposes or otherwise, Holland is receiving more publicity through this tulip festival than through any other means devised. And what is more, it is growing constantly and it has not cost any local agency, Chamber of Commerce, or otherwise, a single penny.

The unique feature that would be appropriate in Holland, Michigan, only, makes it exceptional copy for press and screen.

BUILDING PERMITS STILL COMING IN

In last week's issue the Holland City News pointed out that there was nearly 114 million dollars worth of building either completed or in progress, since the spring opening, not including the many building operations at the resorts and on farms in this vicinity. The list was augmented by another list which brings the amount several thousand dollars higher.

The largest single item is the \$7,700 parsonage of the 44th Street Christian Reformed church. Here is the list:

- Herm Atman, 52 East 16th street—Remodel porch and repair, \$100.

- H. H. Bonzelar, 28 West 16th street—Reroof kitchen, \$25.
- Harry Bonke, 60 West 15th street—Interior remodeling, \$65.

Anchors Aweigh —in Michigan

THE vacation you are planning is almost sure to include, as one of its attractive features, the flash of sunlight on water—a swimming pool, a stream that invites your rod and line, a lake for sailing or motor-boating.

For pleasures of this kind, no part of the globe is more bountifully equipped than your native State of Michigan. Here are some of the finest fishing streams in America; here are lakes of unsurpassed variety—five thousand lakes of every shape and size.

You can set up your camp on a pine-shaded bank and swim in a lake no larger than a private pool. Or you can weigh anchor in one like an inland sea, letting your sail or outboard motor carry you away from the workaday world—out into a vast expanse of flashing silver and running white-caps.

In addition to water-sports, Michigan provides almost everything the pleasure-bent vacationist can desire: Hundreds of miles of highways that increase the joys of touring by automobile; varied scenery; invigorating climate; an endless choice of golf courses.

Spend your own vacation in Michigan. Urge its excellent advantages upon your vacationing friends in neighboring states. By doing so you will increase the pleasure of their holiday. In addition, you will help to promote the popularity and prosperity of your native State.

It is for the purpose of doing our share in this promotion that this series of advertisements is being published by the Michigan Bell Telephone Company, a Michigan organization that prospers only as the citizens of Michigan prosper.

Anglers Find Wounded Deer

With the fawning season in full swing, conservation officers have doubled their efforts to protect the deer from slaughter at the hands of outlaws. The deer, too, are adding to their own safety by seeking shelter in the thick swamps. Despite the efforts of the conservation officers, many deer are being killed. A few days ago five men from here discovered a fawn near death. The right rear leg was shot off and the left front leg was dangling. The young doe was trying to get to the Pere Marquette river and the local men killed it to end its suffering. The party which found the deer was composed of Harold Hoops, Fred Johnson, George Averill, Carl Strand and Harry Starr. Poachers are busy the entire year in parts of Michigan, and they do not halt even for the fawning season.

HALF YEAR PLATES IN DISCARD AFTER AUG. 1

Automobile plates for the remainder of the year will go on sale at the county clerk's office on July 25, according to word received today by Alex Van Zanten, in charge of the plate sale in Holland, in the Vischer-Brooks building.

The orders issued from Lansing stated that stickers must be replaced by plates by midnight, July 31, and that no extension will be granted.

Half year license plates may be secured on July 25 at half price, a matter which has been of considerable importance to many automobile owners, stated Alex Van Zanten, from the number of inquiries received recently.

COMPILING ALLEGAN COUNTY SCHOOL CENSUS

PAY DELINQUENT TAXES

Payment of delinquent taxes for 1932 and years previous is going on steadily in the county treasurer's office in anticipation of the coming deadline of September 1, when interest charge will be made. The great rush is expected the last two or three weeks in August. According to the tax program set up by the legislature in 1933 and amended in 1934, no interest will be charged until the first of September, 1935. Taxes delinquent from 1932 and years previous may be divided into ten installments, the first of which will be due by Sept. 1, 1935. If paid before Sept. 1, the 1935 installment will not have an interest charge. Succeeding installments will be charged interest at the rate of four per cent. The installment for any year if paid after Sept. 1 will be considered delinquent, and will have, in addition to the regular four per cent interest, a charge of nine per cent, as a penalty, making a total interest charge of thirteen per cent for delinquent installments.

Dental Clinic at Beechwood School

The summer program of dental clinics conducted by the Children's Fund dentist is in progress in Ottawa County. Dr. F. D. Ostrander is the dentist in charge, assisted by Mrs. Ann VanDongen. The first clinic was established in Coopersville and will continue four weeks. The next clinic will be at Beechwood School in Holland Township and the third is to be held at the Hudsonville Public School. All of the clinics will continue four weeks. The entire schedule of appointments has been arranged by the Ottawa County Health Department. HUGH LILLIE SOLVES LONG UNDERWEAR PROBLEM FOR STATE

Michigan had solved the old-fashioned underwear problem to-day. Hugh E. Lillie, of Grand Haven, secretary of the state administrative board, announced the state had sold its 16,800 pairs of long undershirts, along with 112 jackets, 2,824 work shirts, and other miscellaneous clothing items for \$10,694.

The state administrative board bought the supplies from surplus army stocks after the World war. It found difficulty in disposing of them and offered them to the state emergency welfare relief administration. Relief Director Dr. William Haber demurred, asserting he had an over supply of heavy "undies" at the relief factory in Saginaw.

Lillie, at the board's direction, offered the embarrassing goods for sale. He received seven bids, two of the bidders shyly backing out at the last moment. The next highest bidder, the Mercantile Trading company of Chicago, paid cash for the lot.

HOW TO TREAT PEARS, PLUMS, PEACHES

Codling moths have been emerging for several weeks now in Allegan county. Therefore, it is necessary to keep the trees well covered at all times to prevent serious injury to the fruit from this insect. Brown rot on plums also is showing up in many orchards. Where this is true it seems advisable to apply a fungicidal spray at this time. This spray should be applied from the ground for best results.

Apples—Third Cover Spray: If the fruit is TO BE WASHED use 1 pound of lead arsenate and 4 pounds of hydrated lime for each 100 gallons of spray. If the fruit will NOT BE WASHED use 3-4 gallon of summer oil emulsion and 3-4 pint of nicotine sulphate for each 100 gallons of spray. Do not apply an oil spray to apple trees any earlier than two weeks after they have received a sulphur spray because injury to the trees is likely to result. The oil sprays should be repeated every eight days as long as necessary.

Pears—Third Cover Spray: If the fruit is TO BE WASHED use 8 pounds of lead arsenate for each 100 gallons of spray. If NO WASHING is to be done use 3-4 gallon of summer oil emulsion and 3-4 pint of nicotine sulphate for each 100 gallons of spray.

Plums—In some orchards brown rot is beginning to show up in quite large amounts. If it appears necessary to spray for this disease use either 6 to 8 pounds of a wettable sulphur, or 1-2 gallons of lime sulphur for each 100 gallons of spray.

Peaches—If brown rot becomes evident on peach fruits spray with 6 to 8 pounds of a wettable sulphur for each 100 gallons of spray. A. D. MORLEY, County Agricultural Agent.

The owners of this beautiful piece of property had the good business sense and the foresight to have Windstorm Insurance with this 50-year-old company.

If you have no Windstorm or Cyclone insurance write us at once or see one of our many agents — you cannot know how soon just such a storm as the one that wrecked this barn may destroy your property in a like manner.

This Company Paid This Policy-holder Over \$5,000.00

This fine barn belonged to Theo. C. and Pearl Curtis, Sec. 5, Mundy township, Genesee County. This was of A-1 construction and as you see by the above picture was always kept in best of repair. No barn was ever better built to resist wind than this.

This is the same barn as shown in the opposite picture just after the cyclone of May 25, 1935. The destruction was complete and this picture shows all that remains of this 50-year-old barn. The loss to the barn and other property amounted to \$5,112.00, paid June 11, 1935.

Let's Dine in Germany Tonight

By JOSEPHINE GIBSON
Director, Heta Food Institute

ALMOST EVERYONE yearns to travel, to see strange places, meet new people, and taste foreign food. Though many of us will not fulfill this year, we may still know some of its pleasures. For it is possible, with good recipes, to dine in every country under the sun without stirring from the family dinner table. So let's serve a series of foreign dinners and encircle the globe as gourmets. Perhaps it would be well to begin with food closely akin to our own—a German dinner shall we say? German meals are hearty and zestful with a savory abundance not unlike our American menus.

To introduce this delightful dinner, serve chilled Tomato Juice. It will lend an international tang to the spicy sauerbraten that follows. Surround the sauerbraten with light potato dumplings—a traditional combination in Germany. With this course serve also the favorite cooked red cabbage, and string bean salad, then top off the meal with Apfelkuchen, a purely Teutonic gesture of delight. The fame of German cooks will be yours when you serve this splendid dinner:

Chilled Tomato Juice
Sauerbraten with Kartoffelkloesse*
Cooked Red Cabbage
String Bean Salad* or Wilted Lettuce Salad
Hard Rolls Currant Jelly
Apfelkuchen*
Coffee

(* Indicates recipes given below)

Sauerbraten (German Pot Roast)
—Place 3 lbs. pot roast of beef in small bowl. Combine 1 cup Pure Cider Vinegar, 1 cup water, 1 small onion, thinly sliced, 2 bay leaves, 3 whole cloves, 2 teaspoons salt and 1/2 teaspoonful pepper, and mix well. Pour over the meat in the bowl. Cover and set aside for 18 to 24 hours. Remove meat from vinegar and brown in beef fat or drippings. When thoroughly browned, pour over it vinegar and spices in which it has been soaked, adding 1 cup water. Simmer for 3 hours or until tender. Remove meat and thicken gravy. If liquid evaporates it may be necessary to add water.

Kartoffelkloesse (Potato Dumplings)
—To 2 cups hot mashed potatoes (left-over potatoes may be used) add 1 tablespoon butter, then cool. Add 1 tablespoon finely minced onion, 1 egg, and mix thoroughly with a fork. Sift in 1/2 cup sifted all-purpose flour, 1 1/2 teaspoons salt and 1/2 teaspoon pepper, and blend well. Make into 18 balls the size of an egg, forming each around 4 or 5 cubes of bread—have 1 cup bread cubes, 1/2 inch thick, fried in butter or bacon fat. Cook in gently boiling water for 7 minutes. Lift dumplings and place them around sauerbraten on a large platter, sprinkling the dumplings with fine bread crumbs which have been browned in a frying pan with a small amount of butter or bacon fat.

German String Bean Salad
Wash 1 1/2 lbs. green beans and cook in boiling salted water until tender. Drain and cool. Cut lengthwise into thin strips. Slice 1/2 cup Preserved Sweet Pickled Onions thinly and marinate beans and onions in French Dressing. Chill salad thoroughly and heap in individual nests of lettuce. Garnish with bits of pickles. To prepare French Dressing: Combine 1/4 cup juice from Pickled Onions, 2 tablespoons Pure Olive Oil, 1/4 teaspoon salt and 1/2 teaspoon paprika.

Apfelkuchen (Apple Cake)
Pastry—Sift together 2 1/2 cups sifted all-purpose flour, 1/2 cup sugar, 2 teaspoons baking powder and 1 teaspoon salt. Blend 1/2 cup butter with flour mixture. Mix 1 well beaten egg, 3 tablespoons water and 1 tablespoon Pure Cider Vinegar, adding Vinegar last. Stir the liquid into the dry ingredients. Roll to 1/4 inch in thickness and fit into a large deep pie pan or a loaf cake pan.

Filling—Mix 6 medium apples, peeled and sliced thinly, 1/2 cup sugar and 1 teaspoon cinnamon, and arrange in the crust. Mix 1 well beaten egg, 1/2 cup thin cream and 1 teaspoon vanilla, and pour over apples. Fold pastry edges over apples. Bake in a hot oven (425° F.) for 10 minutes, then reduce heat to slow oven (350° F.) and continue baking for 45 minutes to 1 hour, depending upon depth of pan and apples.

40-HOUR WEEK FOR P. O. WORKERS LIKELY

Declaring increased postal revenues warrant such a step, Postmaster General Farley has recommended a 40-hour week for all postal employees. Farley made his recommendation in a letter to Chairman McKellar (D-Tenn.) of the senate post office committee, that committee is considering a bill providing for the 40-hour week. It already has passed the house. He added that President Roosevelt approved the plan.

The West End Improvement association, composed of citizens residing in Holland township just west of Zeeland, will stage their first annual picnic this Friday. The get-together will be held at Riverside park, about three miles south of Zeeland. The picnic will be an afternoon and evening affair. A complete program of sports and entertainment has been arranged.

COMMON COUNCIL

Holland, Mich.,
July 17, 1935.

The Common Council met in regular session and was called to order by the Mayor.

Present: Mayor Bosch, Aldermen Vandele, Drinkwater, Kalkman, Van Zoeren, De Cook, Steffens, Damson, Huyser, Bultman, Van Lente, Vogelzang, and the clerk.

Devotions by Alderman Volgenz, who led in the Lord's Prayer. Minutes of last meetings read and approved.

Petitions and Accounts
Clerk presented several applications for building permits, numbers 183-184, inclusive, also 197 to 202, inclusive. Granted subject to approval of city engineer and building inspector. Clerk further presented application No. 195 for building permit by S. & B. Habing for remodeling the Lievens building at the northeast corner of Ninth street and Central avenue into a service station. Clerk reported that under our ordinance, permits for service stations require the approval of the appeal board and the fire chief, but due to the fact that three members of the appeal board are out of the city for the whole week, it was impossible to have a meeting on the matter.

Clerk further reported that under the gasoline filling station ordinance these stations are not permitted within 300 feet of any public building or church. In the brief discussion that followed, however, it was brought out that there are now two service stations on opposite corners at this intersection. Building permit unanimously granted subject to the approval of the board of appeals.

Clerk further presented application for building permit No. 196, signed by Orla Arnold of the Covered Wagon for permission to erect a 9x12 foot brick structure adjoining his lunch wagon on River avenue, to be used for toilet facilities. The application had not been ap-

proved by either the building inspector or city engineer. Permit denied.

Clerk presented applications for licenses to operate restaurants, signed by Harriet Congleton, 19 East Eighth street, and Wm. Koop, 115 East Eighth street. Granted.

Clerk presented petition from residents and property owners for street light on West 17th street in the middle of the block between Washington and VanRaalte avenues. Referred to lighting committee, with power to act.

Clerk presented applications from John Perkoski and Mrs. Trude Vinkemulder for permission to come under the C. S. C. ordinance and have their homes, located at 68 Madison place and 170 West 7th street, connected up with sanitary sewer, granted.

Clerk presented communication Patsy Conroy, president Holland Athletic club, for permission to get license from week to week to hold wrestling matches in Holland. Referred to license committee and city attorney.

Clerk presented request from the Starr Commonwealth for Boys for permission to hold a Tag Day in Holland on July 18. Approved.

Clerk presented communication from George W. Deur recommending that the city install scales and require all coal dealers to have all coal delivered to the city of Holland, weighed on these scales. On motion of Alderman Drinkwater, seconded by Kalkman, Resolved that the city put in a scale to weigh all coal. After a brief discussion, however, on substitute motion of Alderman Van Zoeren, second by Damson, the communication was filed by an 8 to 3 vote. It was explained in the discussion that the matter of weighing coal is within the jurisdiction of the police department and they could weigh loads of coal at various times whenever they see fit. Mayor instructed City Inspector Doremus to take this matter up with Chief Van Ry of the police department to see that this matter of weighing coal is given more attention than in the past.

Clerk presented communication from Wm. C. Vandenberg, commenting on the fine condition of sugar beets in this section of Michigan and the prospect of a good crop which will substantially aid the community in a financial way. The communication requests the citizens of the community to promote this industry in every possible manner in order that it may continue and prosper. Accepted and filed.

Clerk presented communication from American Legion Band, suggesting that a committee be appointed to look into the matter of erecting a music shell in the city with the aid of federal assistance as a PWA or WPA project. Referred to music committee and ways and means committee.

Reports of Standing Committees.
Committee on ways and means reported that the auditors have completed their annual report which is on file in the city clerk's office. Committee further reported that the auditors found everything in order and were well pleased with

the condition of the books and records as found. Accepted.

Street committee reported recommending that the city of Holland proceed with the erection of railroad crossing signs on the south and west approaches to Lincoln avenue and 24th street, at an estimated cost of \$50 to the city. Adopted unanimously.

Claims and accounts reported having examined claims in sum of \$7,875.01. Allowed.

Ordinance committee reported having drawn up a plumbers' ordinance and presented each council member with a copy of the ordinance as proposed, and recommended that action in presenting the ordinance be delayed until the next meeting in order to give the aldermen an opportunity to familiarize themselves with the contents of this ordinance. Adopted.

Ordinance committee further gave notice that they will introduce an amended sidewalk ordinance at a subsequent meeting.

Committee on public buildings reported having received bids for decorating several rooms in the city which were omitted under the CWA program a year and a half ago. They reported that the labor cost for putting on two coats in these nine rooms was \$174, the material to be furnished by the city. Committee further reported that there is on hand a sufficient quantity of paint and varnish left over from the CWA program to complete the job. The low bid, viz. \$174, was submitted by John Van Nieuwland.

Mayor Bosch contended that since this had not been provided for in the annual appropriation bill that the city should not go ahead with the work at this time. Some of the aldermen, however, felt that inasmuch as the city has the paint and other material that the labor cost as submitted is very reasonable and should be done at this time. After considerable discussion the matter was dropped by a vote of 8 to 3.

Sewer committee reported that they together with the city inspector, had made a trip through the fifth ward to investigate houses that are not connected with sanitary sewers, and as a result of such inspection, it was recommended that the following homes be ordered to connect with the sewer as provided by ordinance: 36 West 27th street, Mrs. Morgan; 44 East 26th street, H. Hulsmann; 28 West 28th street, Geo. Tackaberry; 672 Central avenue, Fred Feyen; 15 West 28th street, John Mass. The recommendation of the committee brought about a discussion relative to the two homes owned by the city that do not have sewer connections. It was the contention of some of the aldermen that they could not conscientiously vote to have these homes connected up when the city itself does not take care of its own property with sewer connections.

After a brief discussion, however, the motion to have the property owners served with notices to connect was adopted by a vote of 8 to 3.

The matter was then discussed relative to the two city-owned houses that do not have sewer connections, viz. one at 218 East 16th street, occupied by the Van Munster family, and the other at 29 West Third street, occupied by the Eastman family. Alderman De Cook reported that it would cost from \$300 to \$350 to install the necessary plumbing and heating equipment in the house at 218 East 16th street. Several of the aldermen felt that neither one of these houses is of enough value to spend any additional money on them. Referred to ways and means committee with instructions to sell the buildings on these premises. Adopted unanimously.

Reports of Special Committees
City Attorney Parsons reported on behalf of the special committee appointed to investigate the reported odors at the Holland Crystal Creamery. Mr. Parsons stated that he had accompanied Mr. Drinkwater and Mr. Kalkman to the Creamery, and had an interview with Mr. Fleisher. Mr. Parsons stated that Mr. Fleisher confirmed the conversation that he to the effect that they would either install corrective machinery or continue the buttermilk drying unit, and inasmuch as the company is in receivership, they have not seen fit to install this corrective machinery, but have discontinued the buttermilk drying unit, and consequently there should be no odor since this is the case. Report accepted and filed.

Alderman Vogelzang reported that he received another request from people on 26th street, between Michigan and Washington avenues, to have this street sprinkled. Referred to city engineer and street committee.

Mayor Bosch reported that the park board has an old power lawn mower that they are not using and which could be put to good service at Riverview park. He further stated that since the park machine is charged to the park board, they felt their department should be reimbursed in case the machine is turned over to Riverview park. Clerk instructed to issue a check to the park board for \$25 for this machine.

Alderman Kalkman reported that the welfare workers on the sidewalk project were served notice that their working time would be reduced from 14 to 11 days per month. He contended that a committee should be appointed to interview the welfare department to see if something can be done about it since he felt they are not receiving enough work at the present time. Mayor Bosch, however, stated that the matter is not under the jurisdiction of the city, and therefore nothing could be done about it, and the matter was dropped.

Communications from Boards and City Officers
The claims approved by the library board in the sum of \$162.00; park and cemetery board, \$2,439.50; police and fire board, \$2,439.50; B. P. W., \$11,296.15, were ordered certified to the council for payment. (Said sums on file in clerk's office for public inspection.)

B. P. W. reported collection of \$8,712.98; city treasurer, \$20,124.90 for miscellaneous collections; city treasurer, \$16,816.72, city taxes. Accepted.

Clerk presented request from park board and tulip time committee for permission to place an order with Nels Nurseries for approximately 100,000 tulip bulbs at a cost of \$2,465.20. Approved by a vote of 7 to 4.

Clerk presented report from the police department covering the annual testing of weights and measures. Accepted and filed.

Adjourned.

CITY OF HOLLAND MICHIGAN
City Clerk's Office
May 16, 1935

William Wilde, Clerk of Board of Supervisors, Ottawa County, Grand Haven, Mich.

Dear Mr. Wilde:

There has been considerable agitation in the City of Holland during the past month in regard to the dog nuisance. Petitions have come to the Common Council requesting them to appoint a dog warden. However, since this is not under the control of the Common Council, they could do nothing about it.

The matter was again brought up at the last meeting of the Council on May 14th, and the Clerk was instructed to request the Board of Supervisors to take the necessary action in appointing someone to look after the situation in the City of Holland.

For your further information, we might state that complaints have been registered by people who own dogs who claim that a considerable amount of damage is being done by the dogs. They further contend that many of these dogs are not even licensed.

Trusting that the Board will take immediate action and give the City of Holland some relief from this nuisance.

Yours very truly,
OSCAR PETERSON
City Clerk
